Wake up to Music with the Thomson DAB+ Radio and Bluetooth Speaker

-Discover the Thomson DAB+ radio that combines modern technology and practical features for pleasant wake-ups and quality sound. Enjoy a complete audio experience with **DAB+ digital radio** and **FM radio**, storing up to **30 stations for each mode**. Automatic station updating ensures you're always listening to the latest stations.

-It's more than just a Radio. Turn it into a full-fledged Bluetooth® speaker to wirelessly stream all your music from your smartphone or tablet. Prefer your own playlists? Plug a USB stick into the built-in MP3 player, or connect a device via the 3.5mm AUX-IN input. A headphone socket is also available for discreet listening.-

-On the alarm side, personalize your experience with the **dual alarm** and choose your favorite audio source (radio, USB, Bluetooth). Set the alarm duration (from 15 to 90 min) and frequency (once, daily, weekdays, weekends) to suit your schedule. The backlit LED display is adjustable (10 to 180 sec) and the time can be displayed in 12 or 24-hour format. Choose your language from the 7 included. Its telescopic antenna ensures optimum reception.
