

**Bluetooth radio with solar charging RTS450BTR
THOMSON**

Elegance of the Past, Technology of the Future–

-Discover our retro Bluetooth radio, an exceptional piece that combines the timeless charm of vintage design with the performance of modern technology. Its authentic retro look and chrome telescopic antenna make it a decorative object in its own right, perfect for your home.-
-But don't let its classic looks fool you! Equipped with Bluetooth® 5.4, this speaker offers you an ultra-stable wireless connection to stream your favorite music from any device. You can also take advantage of the analog FM radio to listen to your favorite stations, or connect a device via the 3.5mm auxiliary input.-
-Thanks to its 1300mAh Li-ion battery, enjoy long hours of music, wherever you are. Recharge it easily via USB-C (cable included) or, for total autonomy, use its integrated solar panel. It's the perfect companion for your moments of relaxation.
